

Title: Observations of polar mesopause region at Longyearbyen

Field leader: Masaki Tsutsumi

Institution: National Institute of Polar Research

Address: 10-3 Midori-cho Tachikawa Tokyo 190-8518 Japan

phone: +81-042-512-0658

Programme:

Principal Investigator:

Proj. Period:

Institution:

Co-research Institution & Scientist (out of JPN):

Field activity planned for 2013

Invest. Area: Longyearbyen Spitzbergen Norway

Latitude and longitude: 78N 16E

Field Period: January - December

Logistics:

Description:

[purpose]

[outline] Through meteor echo measurements using a VHF radar , the behavior of wind and temperature at polar mesopause region is studied.

Participants:

Field activity of previous year

Invest. Area:

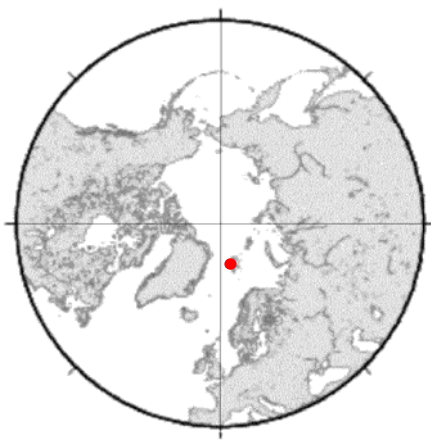

Field Period:
