

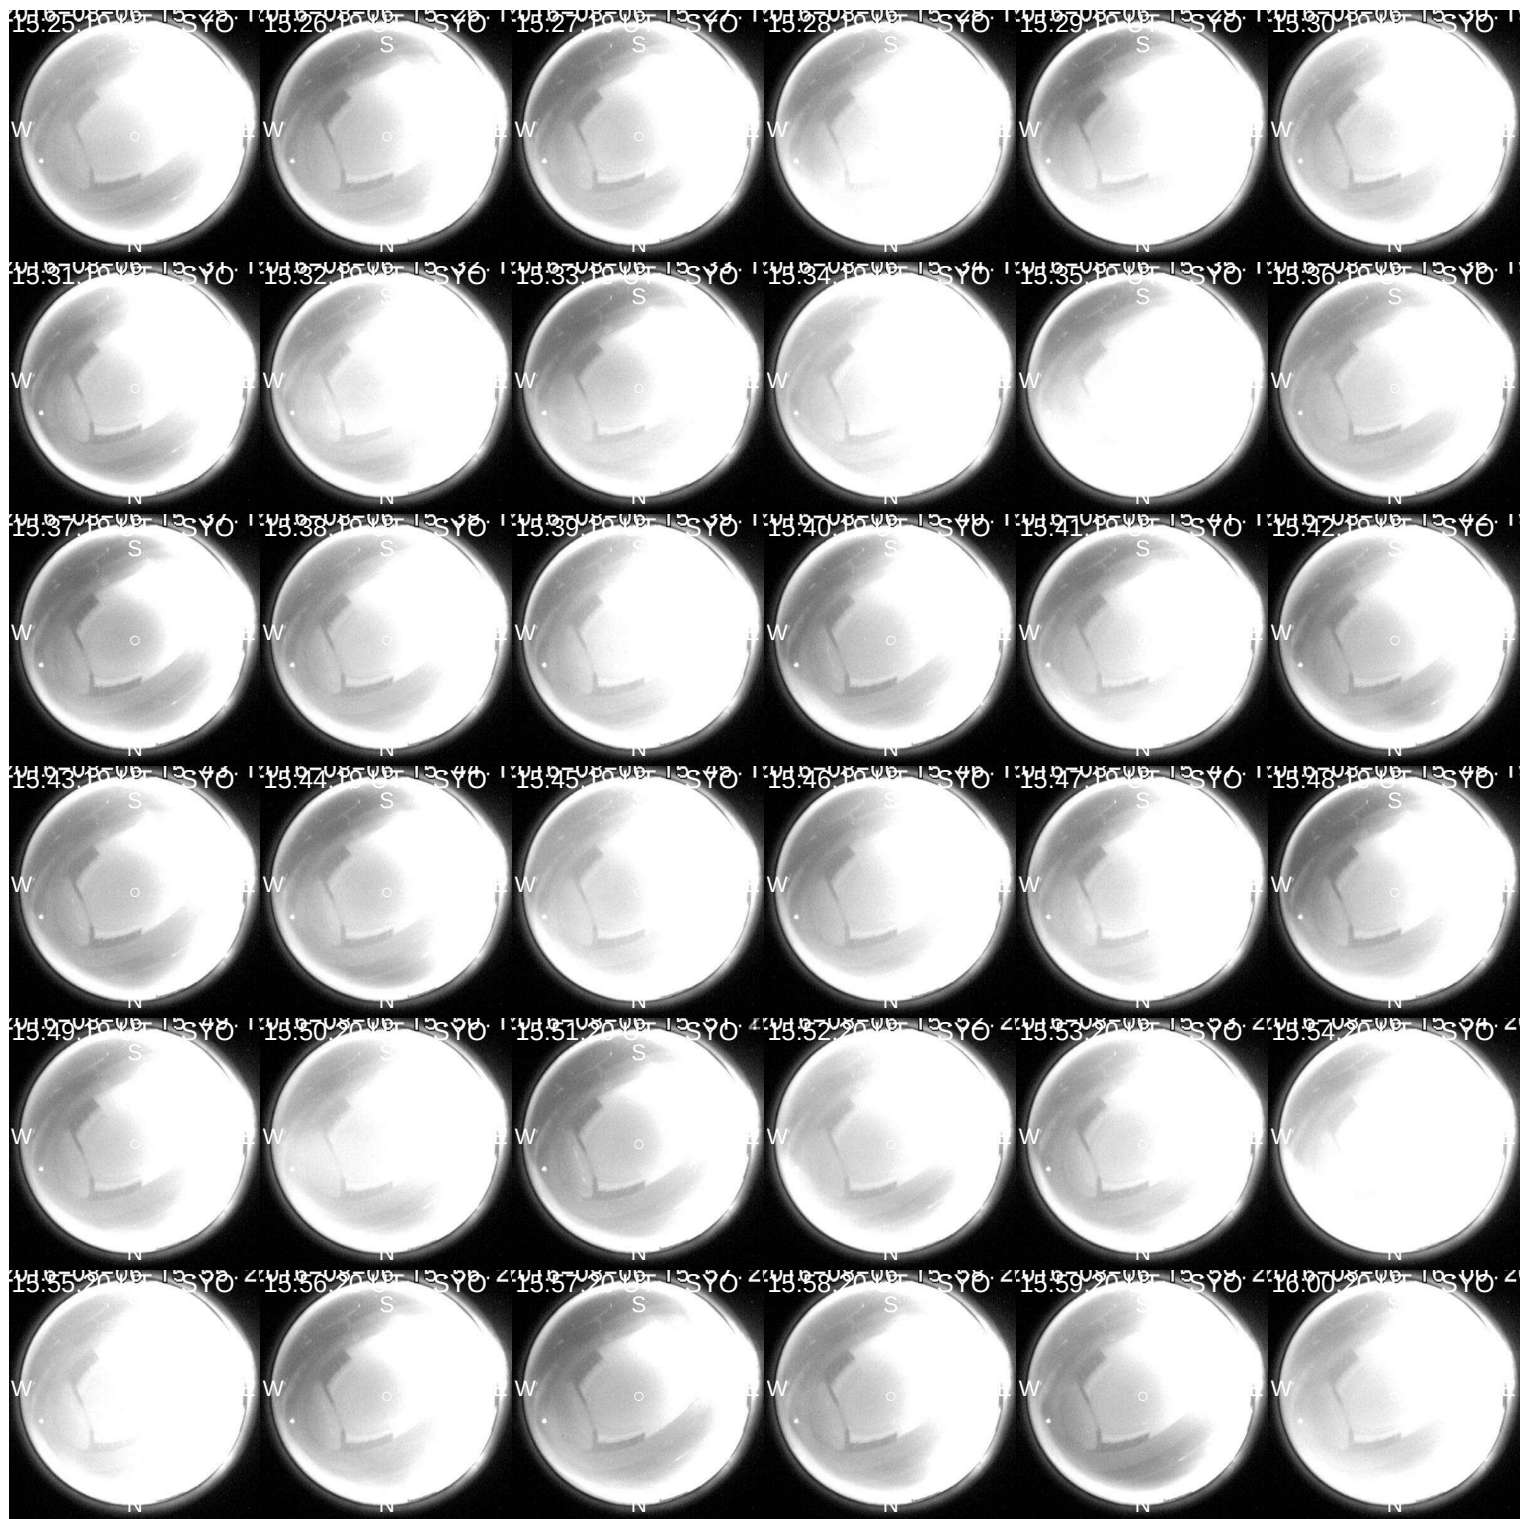

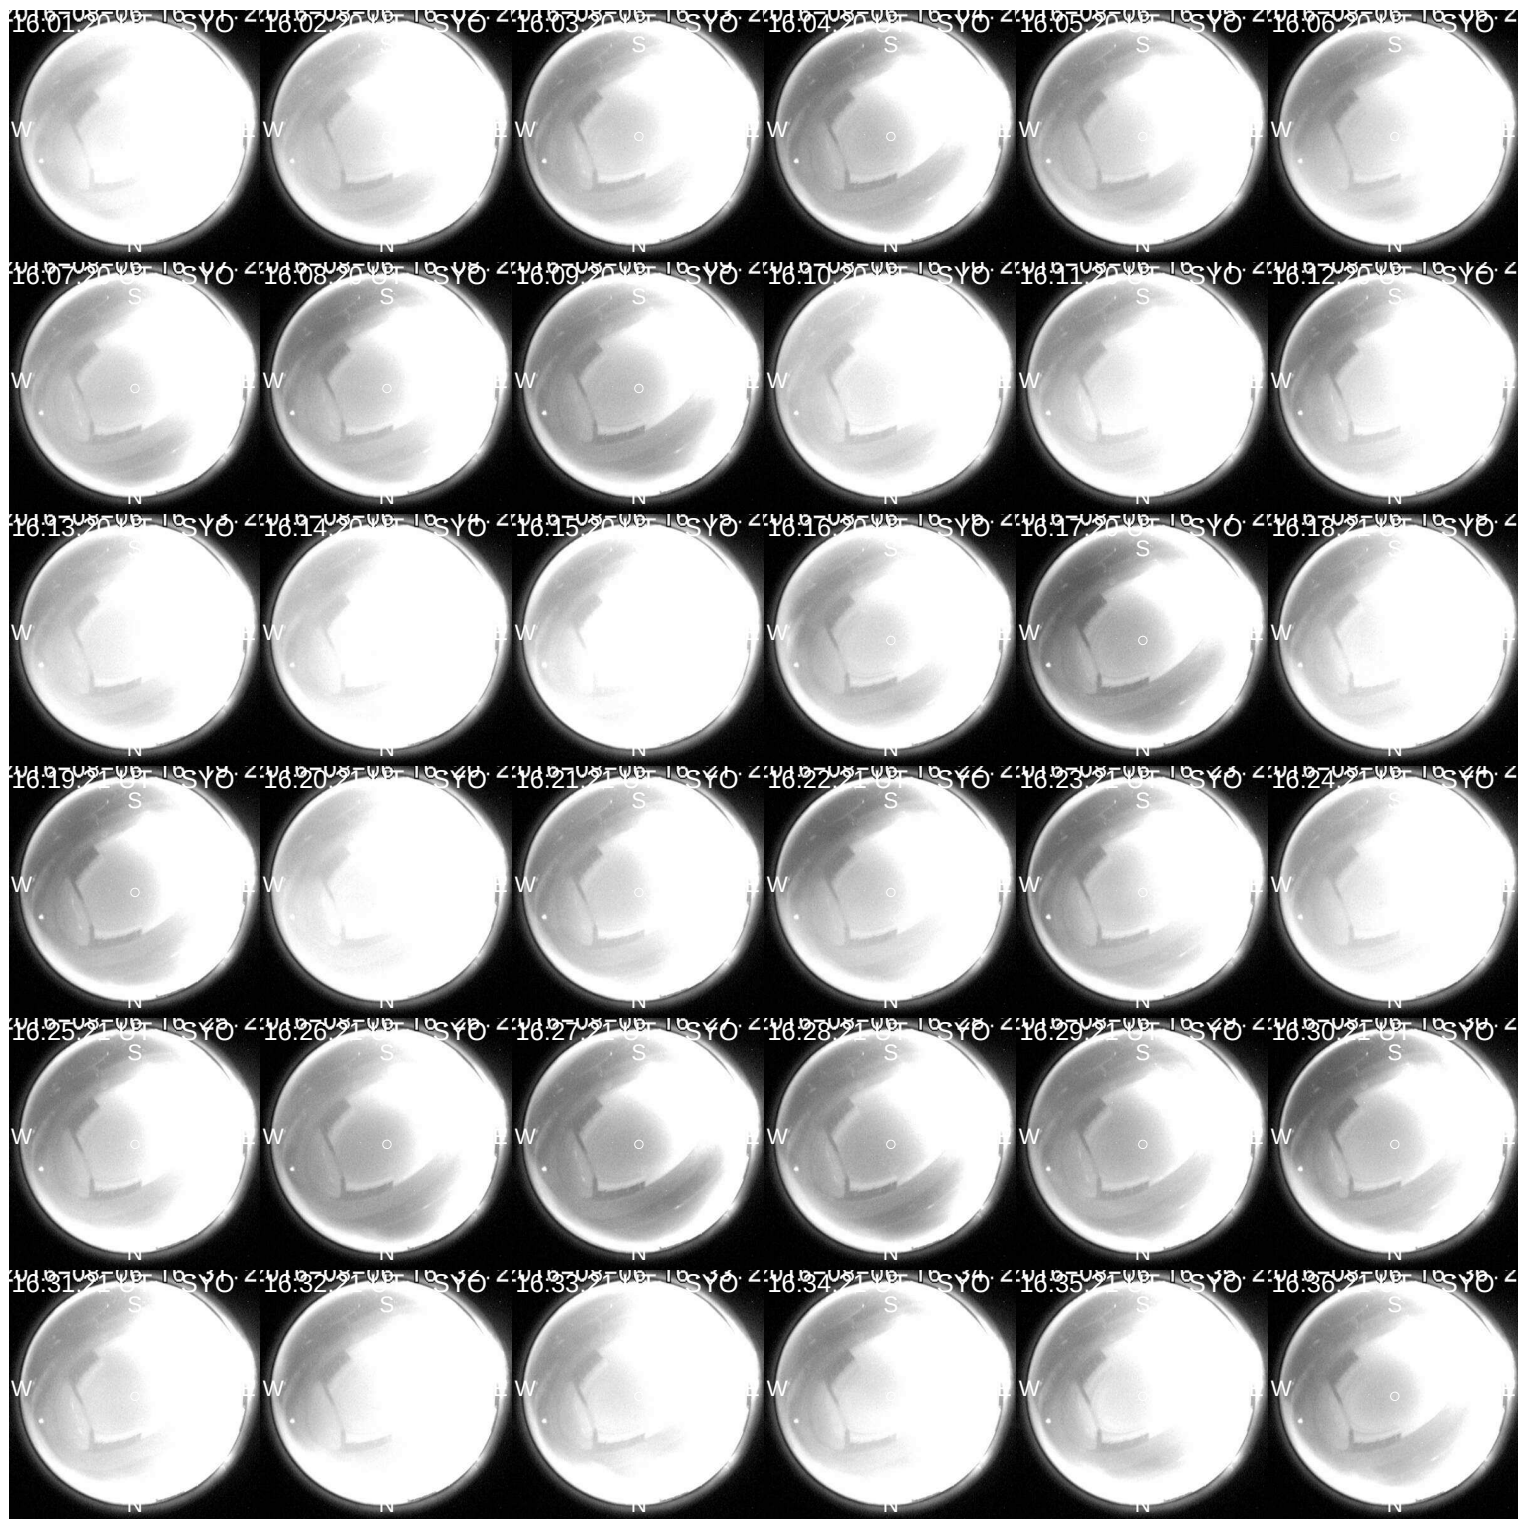

Figure 1 displays a sequence of 24 circular images arranged in a 4x6 grid, showing the evolution of a laser pulse in a fiber. Each image is labeled with a time stamp (e.g., 14.49, 14.50, ..., 15.24) and a position (N, S, E, W). The images show a bright, elongated pulse moving through the fiber, with the pulse shape and position changing over time.
